SOLDIERS MUST SHOOT

General Axline Issues Orders For Rifle Practice.

EACH COMPANY TO HAVE A RANGE

Commanders Will Select the Ground, Superintend the Erection of Targets, and Lose No Time—Medals For Those Who Win—No Dodging the Edict.

The members of Company E will hear with no little satisfaction that Adjutant General Axline has issued orders for rifle practice, and, after being in the Guard for several years, they will at last be accorded permission to fire a gun. The orders take effect at once, and the season for practice closes August 31.

For the current season the practice will consist of ten shots fired by each officer and enlisted man; five shots at 200 yards, and five shots at 300 yards. Each officer and enlisted man may also be allowed ammunition for not more than 10 preliminary shots before regular practice begins. A bull's eye scores 5—signal, white disk; a center scores 4—signal, red disk; an inner scores 3—signal, black and white disk; an outer scores 2—signal, black disk; a ricochet scores R (counted as 0), and is signaled by waving danger flag once or twice across the front of the target; a miss counts 0, and is signaled by waving danger flag several times.

Company commanders will select the range, superintend the erection of the targets and be responsible for all necessary preparation for the practice. They will command and instruct the troops, and maintain strict order and discipline. They will see that all orders and regulations are complied with, and especially that all necessary precautions are observed to prevent accident or injuries. They will select thoroughly competent commissioned officers to act as scorers, to enter the value of shots upon the score sheet as fired, and to certify to the correctness of the same; and will immediately after the firing, examine the score sheet, and, if found correct, forward a certified copy of the same to the adjutant general.

At the close of the practice the 15 members of each regiment, the 10 members of each independent battalion and the five members each unattached company and troop making the highest score will be designated to represent their respective organizations in the general or state practice.

Any company failing to practice during the regular practice season with more than one-half of its membership, as shown by the records in the adjutant general's office, will be rated as "delinquent in target practice," and will be denied a representation in the state or general practice, and be subject to such further discipline, as circumstances may require.

At the state practice, the ten men of each regiment making the highest score shall constitute the regimental team of that regiment, and the five men, the next highest, shall constitute the supernumeraries. The fifteen members of all those engaged in said state or general practice, making the highest scores, shall constitute the "Ohio National Guard Rifle team," and the ten members scoring the next highest, shall constitute the supernumeraries. This team shall represent the state in interstate, international or other contests.

An official badge for marksmen and sharpshooters, according to sample now on file in the adjutant general's office, has been adopted, and every member of the guard qualifying in those classes, will be presented by the state, at the close of the annual practice, with the badge of his grade; and the members of the state and regimental teams, will receive badges designating their membership in said team.

The regimental team making the highest aggregate score in the state shoot, is to receive suitable recognition, and the same will be done with company teams at the regimental shoots. The soldier standing best in the state contest is to get the governor's badge, and the second highest is to have the adjutant general's badge. A score of 18 made kneeling or sitting at 300 yards or standing at 200 yards, makes a marksman, and 20 on the same conditions gives the soldier the grade of sharpshooter. Field and staff officers, so located as to be unable to attend practice with regimental officers, may be permitted to practice with the companies nearest to their respective places of residence, and their scores will be recorded and reported with those of said companies, but in a separate classification.

Deserves Credit.

Professor Harper deserves credit for bringing to East Liverpool such musical

talent as controls at the famous Washington & Jefferson college, Washington, Pa. It will indeed prove a genuine treat to music lovers of this city, and you should secure desirable seats at once, as the outlook is that the opera house will be packed.

KNOCKING DOWN PARTY LINES.

Voters Are Looking For the Best Men This Year.

While little interest is shown in the municipal campaign there are a few fights on hand which are causing more or less of a stir in the different wards. The fight for council in the First has increased in importance these past few days, and James Challis and Harvey McHenry are working hard. The school board contest has also made itself felt, but the friends of Thomas H. Fisher, the Republican nominee, say he will easily carry the ward. The prohibitionists in the Fourth are endeavoring to defeat Mr. Olmhausen, and are making a quiet but vigorous campaign for Welsh. The only battle for assessor is in the First, where Mr. Niblock, on the Republican ticket, and Ed Chandler, as a Prohibitionist, are doing their best.

THE WELLSVILLE ROAD.

Trustee Albright Thinks It Should Be Fenced In.

Trustee Albright believes the Wells-ville road should be fenced in, as it is very dangerous. He gives as a reason that all the original road has gone over the hill, and it will always be in poor shape, no matter how much work is done on it. When somebody gets seriously injured he thinks the necessity of a new road will be plainly seen. Some years ago a fence was built along the road, but today not a vestige of it can be found. When the trustee was over the road a few days ago, he found one place where it was almost an impossibility for teams to travel, and he spent two hours filling in stones and making the place passable.

NOT IN BRADSHAW HALL.

Christian Church Will Hold Services at the Association.

The rumor that the Christian church congregation in the future would meet in Bradshaw hall is unfounded. Several members stated this morning that it would be some time before services would be discontinued in the Young Men's Christian association. "The association is a desirable place to hold our meetings, and we will no doubt stay there until the church is built," said another member.

Another meeting of the board and trustees will be held next Monday evening, when the final arrangements will be made. The committees appointed at the last meeting are now at work, and the reports made show their work is progressing very well.

THE HOBOS WON.

A Good Game of Ball at the Association Gymnasium.

The baseball game at the Young Men's Christian association gymnasium last evening between the Hobos and Negroes was largely attended. The Negroes were dressed in white overalls and sweaters, while the Hobos were the most dilapidated people imaginable. After an overtime by the band, led by Professor Charles, the game was started. The Hobos soon showed their superior skill. The score:

Hobos.....0 0 3 4 5 9 5 3 0—29

Negroes.....1 2 0 1 5 6 2 1—19

Batteries—Morris and Swartz; Charles and Bence. Umpire—Carey.

A BAD BILL.

It Has Appeared in Many Towns in Ohio.

A new \$20 counterfeit silver certificate has made its appearance in numerous towns in this section of the country. Its most noticeable defects are in the treasury numbers, which, although of good color, are too heavy and out of alignment; the fine shade lines of the lettering are not clearly defined; the portrait does not stand out well in the relief; the color of the seal is too light and the green ink on the back of the note is too light, giving a fading appearance.

SEWER COMMISSIONERS MET.

They Heard Recommendations From Engineer George.

City Engineer George called the sewer commission together yesterday afternoon, and submitted to them several improvements, which should be made in some of the sewers of the city. After Mr. George stated his petition, the commission transacted some old business, and adjourned to meet at the same place next week.

Entertained.

Miss Edith Garen last evening very pleasantly entertained friends at her home in Jackson street.

WILL IMPROVE ROADS

Township Trustees Are Preparing to Move.

STONE CRUSHER IS COMING

It Will Be Brought Here From Lisbon as Soon as the Condition of the Highway Will Admit of Its Being Moved—Then Those Who Eat Must Work.

The roads of this section will be improved very soon. This was given out this morning from the office of the township trustees. There is a law, now in force, requiring all men who ask help from the trustees to work the value of the goods received out on road improvement. The old law in substance is that all men between the ages of 21 and 55 are required to work on the roads two days or pay \$3 to the supervisor. During Mr. Anderson's term several people were sued, but no money could be collected on account of their being worth nothing. Some money was secured from others in the same manner. The trustees will put a number of men at work within the next few weeks, together with the county stone crusher which will be brought here from Lisbon as soon as the roads are passable. The road fund is in good condition, and the work will no doubt last throughout the summer.

SKIES ARE BRIGHTENING.

The Crockery Trade Is Good and Prospects Are Better.

There can be no doubting the fact that recent administrative and prospective tariff changes have most favorably affected the American pottery industry. From Trenton, Wheeling, Steubenville and lower points in the Ohio valley, the most encouraging reports about increased orders are being received. Some of the potters who have recently engaged in the manufacture of fine, thin porcelain dinner ware, report that they are unable to fill their orders promptly, and there is already some assurance that additional enlargement of productive capacity will be resorted to at an early date. Fine decorated dinner ware, is in good demand, and for the first time in the history of American pottery, the sale of the better class of domestic dinner ware is cutting into the trade so long held by foreign goods. Toilets, in prints and underglaze are in good demand. Novelties, specialties and small household articles were never brisker than at present. During the past two weeks, three southern potteries, which have been idle, resumed work, and two of Indiana's idle potteries are preparing to start at an early day.—China, Glass and Lamps.

NO COMBINATION.

Sewer Pipe Men Could Not Come to an Agreement.

Sewer pipe men held their last session at the Monongahela House, Pittsburgh, last night. Four sessions were held during the day, but nothing was accomplished toward forming a combination of pipe manufacturers. The day was spent in what the men referred to as social sessions. They all agree that a combination would be a wise move, but the breaking up of the last pool still rankles. An adjournment was taken, another meeting to be called at the request of the committee.

NOT MUCH FAITH

In the People Supporting the Plan to Build a Jail.

M. L. Davis, deputy county surveyor, located at Lisbon, was in the city today. Mr. Davis in speaking of the new county jail said: "If the people expect to erect a new jail by a vote of the county there will be no jail. The only way I can suggest to have a new jail is to do it a la New Cumberland. The present building has been condemned by 16 grand juries, and I expect several juries to do the same thing in the future."

WILL START MONDAY.

A New Concern Is Preparing For Business.

The East Liverpool Manufacturing company will commence operation Monday at Williams' mill. The company will make a specialty of step ladders and ironing boards. The last meeting of the company was held today, when all the stock was taken. The company has been incorporated at \$10,000, with 25 per cent of this paid up.

THE DIAMOND PUMP

Will Be Started a Little Earlier Than Usual.

The Diamond pump will be started earlier this season than heretofore. A member of the committee, in speaking on the subject, this morning, said: "I do not anticipate any trouble about

power this year. I think the city should take care of the pump. One of the firemen could be detailed to see that it is kept running, and it would consume very little of his time. We have some money in the treasury, and we will turn it over to put the pump in first class condition."

A PENTECOSTAL CLASS.

It Was Formed by Evangelist Naylor Last Night.

Reverend Naylor last evening combined the three classes of the Methodist Protestant church, and by so doing made one large pentecostal class. The chairs in the lecture room were arranged in a circle, the leader standing in the center. It was 7:45 when the evangelist opened the meeting. No new music was used, the old-fashioned hymns being utilized. After some time spent in singing, the evangelist said: "I want to make this class a credit to the church and to the city of Liverpool, and in doing this I will need your help. Don't come here under the guise of criticism. Anything I detest is this coming to church to criticize. I want you to come here, bring all your friends and those who are not your friends, and receive God's blessing. Let me tell you more, have faith when you come. Salvation is free, and I do not want anyone here this evening to go from this building without receiving it. If you think you are not just as you should be tell it to Jesus. He is your friend. One who never forsakes you. Be saved while you are here tonight."

At this point the evangelist held a testimony meeting in which part was taken by almost every one in the room. There were a number of strangers in the audience, and it was plain to see they were moved by the meeting. Singing and general handshaking followed, which closed the meeting.

The next preaching service will be held Sabbath morning. At this service the Lord's supper will be solemnized, followed by the reception of new members into the church.

MISS GLIDDEN VERY ILL.

Her Friends Have Given Up All Hope For Her Recovery.

Superintendent Sanor is in receipt of a letter, the contents of which will be read with sorrow by the many friends of Miss Frances Maude Glidden, who was compelled to resign her position as teacher of science in the high school because of ill health, and went to Texas in the hope of gaining relief. The letter was written by her father, in Cleveland, and is as follows:

"The kindness shown by you and many others in East Liverpool to my daughter while in your midst, prompts me to say in much sadness that there seems little or no hope for Maude's recovery. My son hurried away to San Antonio last night, with the intention of bringing Maude home if she is able to bear the journey, which I fear she is not. May I ask that you kindly give this to any who may feel an interest in it? Faithfully yours,

"JOHN M. GLIDDEN."

THE PROHIBITION CONVENTION

Will Be Held in Ferguson & Hill Hall Tomorrow.

The county prohibition convention will be held tomorrow afternoon at 2 o'clock in Ferguson & Hill hall.

Delegates to the state convention will be chosen. The county is entitled to one delegate-at-large and 26 delegates, but it is probable not that many will be sent, as the convention is a mass meeting and all prohibitionists are admitted. A full county ticket will be nominated, and it will be necessary to secure a petition signed by 300 people before the candidates' names can go on the ticket. The county executive committee will also be reorganized.

FELL INTO A FORTUNE.

A Man Who Sold Carpet Stretchers In Luck.

The story is told at the Anderson House today that O. M. Ansley, a stranger who has been here selling carpet stretchers, has fallen heir to \$750,000. He has been stopping at the place, but left last Wednesday in response to a letter from his wife at Lakewood, N. J., going to Buffalo, where he will meet the attorneys who have the estate in charge. The money is from a wealthy uncle, who died the other day, leaving \$3,000,000.

LOOKING FOR A SITE.

Lisbon Is Still Figuring on That Pottery.

Reliable information comes from Lisbon that capitalists in that place have by no means given up hope of having a pottery, and a committee of the board of trade are even now figuring on site. Everything is being done quietly, and efforts are being made to keep the matter from the public.

THE PEEPER APPEARED

Frightening Mrs. Thornberry by His Disgusting Actions.

LOOKED THROUGH THE WINDOW

And After Accomplishing His Purpose Fled Into the Night—He Will Be Given the Full Extent of the Law If Captured.

That mysterious but iniquitous individual who has gained the sobriquet of Jack the Peeper, made his appearance again in the vicinity of Center alley, between Jackson and Jefferson streets.

Mrs. Thornberry was seated in her home, hearing the evening prayers of her little daughter. The window blind was raised sufficiently to allow any evilly disposed party to look into the room. Mrs. Thornberry became conscious that some one was looking at her, and looking suddenly saw the peeper. He did not attempt to run when discovered, but indulged in the actions that have made him hated and loathed by every woman in the neighborhood. This he continued for several minutes, and then disappeared. Mr. Thornberry had left the house a short time before, and during his absence of not more than five minutes the peeper appeared. Residents of that portion of the city have become very tired of the fellow's actions, and are using every endeavor to locate him. If he is found he will be given the extent of the law.

ENFORCE EXISTING LAWS.

Citizen Asserts That Saloons are Running Wide Open.

EDITOR NEWS REVIEW:—Laws and ordinances should be enforced. If they are not enforced, then they should be wiped off the books. Officials of this and every other city are public servants, sworn to do their duty. Laws and ordinances are laid down for their government and control, and when these officials fail to enforce the law, then they become law breakers, and are classed with rascals, toughs and criminals, and are unworthy of respect and should be forced to vacate the office they disgrace. This is plain talk; but it is just and right, and every man or voter of good, common sense, knows that this matter should be probed to the very core of its heart. I have it from absolutely reliable authority that saloons in this city are being run outside the pale of the law—after hours and upon the Sabbath day. Further, I have positive proof that certain prominent officials are and have been winking at this practice, and I know that the official who thus acts is guilty of absolute perjury; yes, perjury is the word, and the man or woman who violates or breaks an oath are nothing more nor less than perjurers. I, as a citizen and taxpayer of East Liverpool, backed by a multitude of law-abiding citizens and taxpayers of East Liverpool, have determined that this bad work shall stop. I know of one case, not long since; a large number of men were caught drinking in a saloon after hours, and were dismissed with a simple reprimand, simply because, among this number, were some politicians who have a "pull" and who exercise that "pull" to dictate to creatures whom they claim to place in position, and have already booked for nice jobs for the future. This is indecent, unjust, unfair and criminal, and the great mass of voters in this city will not permit it to be carried on. Men placed in position in this city, by the votes of honest citizens, must and shall be taught that they are not autocrats and dictators; must be taught that they must and shall obey the laws and ordinances, and not act as lawbreakers and criminals. As the NEWS REVIEW so fittingly puts it, "turn on the light." More to follow.

CITIZEN.

ADOPTED UNIFORMS.

Baseball Boys Are Preparing For a Busy Season.

The East Liverpool ball club met last evening, and came to final terms with the South Side company. The team will receive a given percentage of all profits made in baseball.

After a great deal of discussion it was decided to have cream colored uniforms, trimmed in light blue. The cap will be cream, trimmed in blue, and the stockings will be blue. The letters "East Liverpool," in blue, will be across the shirt front. The sweaters will be dark green. Clark was unanimously voted to take the place of John Godwin.

The team will begin at once to book dates, and expect to be able to defeat the majority of amateur teams in this section.

The East Liverpool Manufacturing company will commence operation Monday at Williams' mill. The company will make a specialty of step ladders and ironing boards. The last meeting of the company was held today, when all the stock was taken. The company has been incorporated at \$10,000, with 25 per cent of this paid up.

THE DIAMOND PUMP

Will Be Started a Little Earlier Than Usual.

The Diamond pump will be started earlier this season than heretofore. A member of the committee, in speaking on the subject, this morning, said: "I do not anticipate any trouble about

power this year. I think the city should take care of the pump. One of the firemen could be detailed to see that it is kept running, and it would consume very little of his time. We have some money in the treasury, and we will turn it over to put the pump in first class condition."

A PENTECOSTAL CLASS.

It Was Formed by Evangelist Naylor Last Night.

Reverend Naylor last evening combined the three classes of the Methodist Protestant church, and by so doing made one large pentecostal class. The chairs in the lecture room were arranged in a circle, the leader standing in the center. It was 7:45 when the evangelist opened the meeting. No new music was used, the old-fashioned hymns being utilized. After some time spent in singing, the evangelist said: "I want to make this class a credit to the church and to the city of Liverpool, and in doing this I will need your help. Don't come here under the guise of criticism. Anything I detest is this coming to church to criticize. I want you to come here, bring all your friends and those who are not your friends, and receive God's blessing. Let me tell you more, have faith when you come. Salvation is free, and I do not want anyone here this evening to go from this building without receiving it. If you think you are not just as you should be tell it to Jesus. He is your friend. One who never forsakes you. Be saved while you are here tonight."

At this point the evangelist held a testimony meeting in which part was taken by almost every one in the room. There were a number of strangers in the audience, and it was plain to see they were moved by the meeting. Singing and general handshaking followed, which closed the meeting.

The next preaching service will be held Sabbath morning. At this service the Lord's supper will be solemnized, followed by the reception of new members into the church.

MISS GLIDDEN VERY ILL.

Her Friends Have Given Up All Hope For Her Recovery.

Superintendent Sanor is in receipt of a letter, the contents of which will be read with sorrow by the many friends of Miss Frances Maude Glidden, who was compelled to resign her position as teacher of science in the high school because of ill health, and went to Texas in the hope of gaining relief. The letter was written by her father, in Cleveland, and is as follows:

"The kindness shown by you and many others in East Liverpool to my daughter while in your midst, prompts me to say in much sadness that there seems little or no hope for Maude's recovery. My son hurried away to San Antonio last night, with the intention of bringing Maude home if she is able to bear the journey, which I fear she is not. May I ask that you kindly give this to any who may feel an interest in it? Faithfully yours, 'JOHN M. GLIDDEN.'"

THE PROHIBITION CONVENTION

Will Be Held In Ferguson & Hill Hall Tomorrow.

The county Prohibition convention will be held tomorrow afternoon at 2 o'clock in Ferguson & Hill hall.

Delegates to the state convention will be chosen. The county is entitled to one delegate-at-large and 26 delegates, but it is probable not that many will be sent, as the convention is a mass meeting and all prohibitionists are admitted. A full county ticket will be nominated, and it will be necessary to secure a petition signed by 300 people before the candidates' names can go on the ticket. The county executive committee will also be reorganized.

FELL INTO A FORTUNE.

A Man Who Sold Carpet Stretchers In Luck.

The story is told at the Anderson House today that O. M. Ansley, a stranger who has been here selling carpet stretchers, has fallen heir to \$750,000. He has been stopping at the place, but left last Wednesday in response to a letter from his wife at Lakewood, N. J., going to Buffalo, where he will meet the attorneys who have the estate in charge. The money is from a wealthy uncle, who died the other day, leaving \$3,000,000.

LOOKING FOR A SITE.

Lisbon Is Still Figuring on That Pottery.

Reliable information comes from Lisbon that capitalists in that place have by no means given up hope of having a pottery, and a committee of the board of trade are even now figuring on sites. Everything is being done quietly, and efforts are being made to keep the matter from the public.

THE PEEPER APPEARED

Frightening Mrs. Thornberry by His Disgusting Actions.

LOOKED THROUGH THE WINDOW

And After Accomplishing His Purpose Flew Into the Night—He Will Be Given the Full Extent of the Law If Captured.

That mysterious but iniquitous individual who has gained the sobriquet of Jack the Peeper, made his appearance again in the vicinity of Center alley, between Jackson and Jefferson streets.

Mrs. Thornberry was seated in her home, hearing the evening prayers of her little daughter. The window blind was raised sufficiently to allow any evilly disposed party to look into the room. Mrs. Thornberry became conscious that some one was looking at her, and looking suddenly saw the peeper. He did not attempt to run when discovered, but indulged in the actions that have made him hated and loathed by every woman in the neighborhood. This he continued for several minutes, and then disappeared. Mr. Thornberry had left the house a short time before, and during his absence of not more than five minutes the peeper appeared. Residents of that portion of the city have become very tired of the fellow's actions, and are using every endeavor to locate him. If he is found he will be given the extent of the law.

ENFORCE EXISTING LAWS.

Citizen Asserts That Saloons are Running Wide Open.

EDITOR NEWS REVIEW:—Laws and ordinances should be enforced. If they are not enforced, then they should be wiped off the books. Officials of this and every other city are public servants, sworn to do their duty. Laws and ordinances are laid down for their government and control, and when these officials fail to enforce the law, then they become law breakers, and are classed with rascals, toughs and criminals, and are unworthy of respect and should be forced to vacate the office they disgrace. This is plain talk; but it is just and right, and every man or voter of good, common sense, knows that this matter should be probed to the very core of its heart. I have it from absolutely reliable authority that saloons in this city are being run outside the pale of the law—after hours and upon the Sabbath day. Further, I have positive proof that certain prominent officials are and have been winking at this practice, and I know that the official who thus acts is guilty of absolute perjury; yes, perjury is the word, and the man or woman who violates or breaks an oath are nothing more nor less than perjurers. I, as a citizen and taxpayer of East Liverpool, backed by a multitude of law-abiding citizens and taxpayers of East Liverpool, have determined that this bad work shall stop. I know of one case, not long since; a large number of men were caught drinking in a saloon after hours, and were dismissed with a simple reprimand, simply because, among this number, were some politicians who have a "pull" and who exercise that "pull" to dictate to creatures whom they claim to place in position, and have already booked for nice jobs for the future. This is indecent, unjust, unfair and criminal, and the great mass of voters in this city will not permit it to be carried on. Men placed in position in this city, by the votes of honest citizens, must and shall be taught that they are not autocrats and dictators; must be taught that they must and shall obey the laws and ordinances, and not act as lawbreakers and criminals. As the News Review so fittingly puts it, "turn on the light." More to follow.

CITIZEN.

ADOPTED UNIFORMS.

Baseball Boys Are Preparing For A Busy Season.

The East Liverpool ball club met last evening, and came to final terms with the South Side company. The team will receive a given percentage of all profits made in baseball.

After a great deal of discussion it was decided to have cream colored uniforms, trimmed in light blue. The cap will be cream, trimmed in blue, and the stockings will be blue. The letters "East Liverpool," in blue, will be across the shirt front. The sweaters will be dark green. Clark was unanimously voted to take the place of John Godwin.

The team will begin at once to book dates, and expect to be able to defeat the majority of amateur teams in this section.

THE Lisbon Patriot continues to argue in a weak way against the new jail, but like the Wellsville Union has no ground upon which to stand.

This week's report from the potting industry is most gratifying. It shows that the improvement is as substantial as it is steady, and that much better times are in store for the potter.

A LOCAL paper last night spent some time in telling its readers that a new hotel will soon be built in the city. The News Review gave it to the public on Wednesday. Yet they call it news.

WHEN some of those southern fellows rise in the house of representatives to oppose the tariff bill they never fail to create laughter, as much by their sarcasm as by their ignorance.

THE sentiment against prize fighting is being increased many fold as the public realizes the influence of the Carson affair. In some states they are objecting to a reproduction of the battle even in pictures.

HERE'S our hand, Beaver Star. You did right well in getting out a newspaper on the afternoon of the day that your plant had been destroyed by fire, and the best part of your worldly goods had gone up in smoke.

THE KINGSVILLE SYSTEM.

An improvement in educational methods can never fail to excite interest in Ohio, and for that reason the township graded schools of Ashtabula county are just now receiving more than the customary attention. The system does away with district schools, and replaces them with a building located as near the geographical center of the township as possible. To this school are brought all the children of school age in covered conveyances provided by the board of education, and they are afforded opportunities for advancement which they could never hope to have under the old system. Not only in knowledge do they gain, but in bodily strength, the buildings being erected with a view to perfect ventilation and heating. The plan has been in operation three years under a special act by the legislature, and has proved highly satisfactory. It saves the townships money, and permits of a wider and more extensive education for their children.

OPPOSED CUTTING WAGES.

Fight Made In Ore Pool Meeting by Rockefeller's Representative.

CLEVELAND, March 26.—It was announced that John D. Rockefeller's representative, at the recent meeting of the Bessemer Iron association, made a fight against a reduction of the wages of ore miners. It was stated, after the meeting had adjourned, without reaching an agreement, that the wages of men in the Rockefeller mine would not be cut, no matter what others did.

Rockefeller's representative at the meeting was F. T. Gates of New York. When the question of wages was under discussion, it is said, Mr. Gates declared wages ought not to be reduced. "The wages at the Rockefeller mines will not be reduced," he said, "and if the other producers think they can improve conditions by reducing wages, they are mistaken. That would be beginning at the wrong end. If anything wages ought to be increased."

The general impression among iron men here is that the breaking of the ore pool will cause a big boom in the production of the upper lake mines. It is predicted that the shipments of ore to the lower lakes during the coming season will aggregate 12,000,000 tons and present indications are that most of this will be consumed at the furnaces which have been awaiting an adjustment of the affairs of the ore producers before resuming operations.

BIG BREWERY DEAL.

English Syndicate About to Buy the Plants at Dayton.

DAYTON, O., March 26.—There is a big brewery deal on hand here. A European syndicate has an option on six of Dayton's largest breweries and is trying to land the seventh. It was thought that the deal would be closed, but it has not been as yet. The offer for the six breweries is \$3,000,000.

If by some turn of fortune the present deal is not consummated, an English syndicate, represented by ex-Governor Campbell and Hon. Joe Dowling, will try to close the deal. At present only one of the breweries is holding back for more money.

It is said by the attorneys in the case that the deal will be closed probably today.

OBEYED THE GARFIELD LAW.

A Justice of the Peace Candidate Whose Expenses Were Nothing.

MASSILLON, O., March 26.—W. F. Miller of Marlboro township, a candidate for justice of the peace, has obeyed the Garfield law by filing the following statement of the cost of his nomination:

"Enclosed please find sworn statement. Our expenses were nothing, as we were not a candidate for the nomination. Did not know until after adjournment of caucus that we had been nominated, but if elected, we will uphold the innocent and punish the wicked. In our appointments we will adhere to civil service rule. We will visit the sick and widows and be a father to the fatherless. Find money order enclosed for 10 cents to pay for filing report. If elected we will be more explicit in our inaugural upon the leading questions of the day."

Bushnell's Offer Acknowledged.

COLUMBUS, March 26.—Governor Bushnell has received a telegram from Major Clapp of Memphis, acknowledging the governor's offer to send tents to the Mississippi flood sufferers. The offer has been referred to the relief committee.

A Manchester Man Appointed.

WOOSTER, O., March 26.—Ira T. Smith, the son of Mrs. E. C. Smith, widow, received a telegram announcing his appointment as special confidential messenger at the White House, a position paying \$1,200.

Accused of Arson.

WARREN, O., March 26.—The saloon of Henry Weilin of Niles has been slightly damaged by fire and the proprietor and his brother, Julius Weilin, are now under arrest for alleged arson.

TRANSVAAL SITUATION ALARMING.

Germany Evidently Backing Up Kruger In His Demands.

LONDON, March 26.—There is increasing uneasiness in regard to the Transvaal situation. The Birmingham Post, the organ of Joseph Chamberlain, secretary of state for the colonies, says it hears that Germany is sending 3,000 troops to Southwest Africa at the end of April and that a special German envoy will be sent to interview President Kruger of the Transvaal and President Stein of the Orange Free State.

It is elsewhere reported that owing to the preparing for trouble in the Transvaal, the arrangements for the Anglo-Egyptian expedition to Khartoum has been suspended. Officials here express strong belief that if President Kruger persists in his claims for indemnity as a result of the Jameson raid in the Transvaal serious trouble will ensue.

Two Points of View.

On one occasion, at a party given by Sir John Millais, Lady Halle rose to play the violin, when to her intense amusement she heard Landseer exclaim: "Good gracious! A woman playing the fiddle!" On the other hand, an old fashioned nobleman, when he saw a gentleman sit down to the piano, contemptuously remarked, "I wonder if the creature can sew."

A Rebuff.

"Yes," replied Miss Ray, "too pretty to change." —Pick Me Up.

SPECIAL INVITATION TO LADIES.

HUNTER CANNOT WIN.

Expected to Lose Votes From This Time On.

VERY LIKELY NO ELECTION.

A Report That the Administration Will Withdraw Hunter and Give Him Something Handsome—His Supporters and Bradley Men Not Likely to Agree.

FRANKFORT, Ky., March 26.—Some of Hunter's friends admit to one another that his fate is sealed, that he cannot be elected and will today or tomorrow begin to lose votes and will again have to relinquish to another the prize he has so nearly grasped on two occasions.

The situation, as understood by outsiders, is that Hunter has reached the high water mark, can never get the needed two votes and will lose more from today on. The story goes that the administration is going to give Hunter something handsome, withdraw him and have nominated a Hunter man, State Senator Deboe Yerkes of Holt, and influence his immediate election by the reunited Republicans. There is something in the way, though.

The six Bradley Republicans will try to name the next nominee, who cannot be elected without their votes, and will insist that he be other than a Hunter man. This makes the Hunter majority of Republicans hold on to him, and they may never consent to vote for any one else unless absolutely commanded to do so from Washington. The best judges say it is Hunter, Bradley or no election, and most probably the latter.

SWALLOW VERDICT AGAIN SEALED.

A Belief That the Doctor Is Found Guilty This Time.

HARRISBURG, March 26.—In the swallow trial L. R. Kelker, a witness who was accused of having been tampered with, was called and denied the story as an infamous falsehood. He had never been approached, he said. Judge Simonton said it was a tempest in a teapot and the incident closed.

Governor Hastings denied the story of Coder, a contractor, that he had agreed to improve the accounts of the house for \$20,000 for which another contractor was paid \$70,000.

Joseph Pyne, formerly a jeweler of this city, denied the story that Captain Delaney, the superintendent of public buildings and grounds, had been presented with a clock in consideration of the giving out of a contract for two other clocks for the state.

A sealed verdict was returned. The air is filled with rumors that the case has gone against Swallow. Attorney Scarlet says he thinks that his client has been convicted.

RAMSAY TO RETIRE APRIL 5.

Secretary Has Not Yet Selected the Admiral's Successor.

WASHINGTON, March 26.—Secretary Long has concluded to defer the selection of an officer to succeed Admiral Ramsay as chief of the bureau of navigation until next week. The office will

become vacant April 5 by the retirement of Admiral Ramsay.

Admiral Bance is considered the leading candidate for the place. Other persons mentioned as candidates are Commodore Kautz, Captain R. D. Evans and Commander O. H. Davis. As this bureau is of great importance to naval officers they are anxiously awaiting the secretary's decision.

Nothing further is heard at present about the assistant secretary of the navy, and it is the belief that no change will be made for some time to come.

A FIRE AT BEAVER.

The Buchanan Block Destroyed—Loss \$70,000.

BEAVER, Pa., March 26.—When Charles Goriach, office boy of the Beaver Star, went into the basement of the Buchanan block the gasoline can that he carried exploded and in a few minutes the immense building, four stories high, was a mass of flames, the blaze gaining a start from the elevator shaft that promptly carried the flames to the roof. The building was only two years old and cost \$70,000.

The total loss is placed at \$70,000, and the occupants and losers are as follows: J. M. Buchanan, loss \$25,000, insurance \$20,000; Star Publishing company, \$12,000, insurance \$4,500; Shillito Bros., drygoods merchants, \$9,000, with insurance of \$5,000; Western Union telegraph office, English news depot, \$3,000, insurance \$300; F. H. Rauser, \$500; Rev. Ramsey, household goods, loss \$22,000, no insurance; N. F. & A. C. Hurtt, insurance agents, loss \$500, insured; W. Carothers, jeweler, loss \$1,000; J. W. Collins, dentist, loss \$800, insurance \$500; J. W. McBader, law office, loss \$300, insured; James Harper, surveyor, loss \$800, and Mrs. Clark household goods, loss \$500, not covered by insurance.

HUNTER CANNOT WIN.

Expected to Lose Votes From This Time On.

VERY LIKELY NO ELECTION.

A Report That the Administration Will

Withdraw Hunter and Give Him Some-

thing Handsome—His Supporters and

Bradley Men Not Likely to Agree.

FRANKFORT, Ky., March 26.—Some

of Hunter's friends admit to such

another that his fate is sealed, that he

cannot be elected and will today or

morrow begin to lose votes and will

again have to relinquish to another the

prize he has so nearly grasped on two

occasions.

The situation as understood by out-

siders, is that Hunter has reached the

high water mark, can never get the

needed two votes and will lose more

from today on. The story goes that the

administration is going to give Hunter

something handsome, withdraw him

and have nominated a Hunter man.

State Senator Deboe Yerkes of Holt,

and influence his immediate election by

the reunited Republicans. There is

something in the way, though.

The six Bradley Republicans will try

to name the next nominee, who cannot

be elected without their votes, and will

insist that he be other than a Hunter

man. This makes the Hunter majority

of Republicans hold on to him, and

they may never consent to vote for any

one else unless absolutely commanded

to do so from Washington. The best

judges say it is Hunter, Bradley or no

election, and most probably the latter.

SWALLOW VERDICT AGAIN SEALED.

A Belief That the Doctor Is Found

Guiltily This Time.

HARRISBURG, March 26.—In the swal-

low trial L. R. Kelker, a witness who

was accused of having been tampered

with, was called and denied the story

as an infamous falsehood. He had

never been approached, he said. Judge

Simonton said it was a tempest in a

teapot and the incident closed.

Governor Hastings denied the story

of Coder, a contractor, that he had

agreed to improve the acoustics of the

house for \$20,000 for which another

contractor was paid \$70,000.

Joseph Pyne, formerly a jeweler of

this city, denied the story that Captain

Delaney, the superintendent of public

buildings and grounds, had been pre-

sented with a clock in consideration

of the giving out of a contract for two

other clocks for the state.

A sealed verdict was returned. The

air is filled with rumors that the case

has gone against Swallow. Attorney

has been convicted.

RAMSAY TO RETIRE APRIL 5

Secretary Has Not Yet Selected the Ad-

miral's Successor.

WASHINGTON, March 26.—Secretary

Long has concluded to defer the selec-

tion of an officer to succeed Admiral

Ramsay as chief of the bureau of nav-

igation until next week. The office will

become vacant April 5 by the retire-

ment of Admiral Ramsay.

Admiral Bance is considered the

leading candidate for the place. Other

persons mentioned as candidates are

Commodore Kautz, Captain R. D.

Evans and Commander C. H. Davis.

As this bureau is of great importance

to naval officers they are anxiously wait-

ing the secretary's decision.

Nothing further is heard at present

about the assistant secretary of the

navy, and it is the belief that no change

will be made for some time to come.

DYNAMITED A FORT.

Cretans Putting Up a Hot Fight Against the Turks.

WOULD WIN, BUT FOR THE POWERS

The Insurgents Bombarded by the Foreign Warships—England, as Predicted In These Dispatches, Abandons the Coercive Policy.

CANEA, Island of Crete, March 26.—The insurgents have succeeded in blowing up the blockhouse at Malaxa with dynamite. The whole structure is in flames and the Turkish warships are bombarding the insurgents.

The Christians were occupying the fort, from which they drove the Turks by bombardment, in spite of the shells which fell around it and which set fire to the blockhouse.

While the Turkish reinforcements were vainly struggling to capture the heights above Nerakourou the Christians from Akrotiri attacked the Turkish cordon at Halepa, which was keeping them at a distance with mountain artillery.

The insurgents burned several more houses of the Sitalaria, whereupon the warships of the foreign powers began firing at the Christians. The bombardment, however, only lasted ten minutes.

The insurgents are numerous and occupy all the heights in the vicinity of Canea as far as Perivolia, having captured the two last Turkish fortresses. Only the fleets of the powers prevent the entire success of the insurgent cause.

Politically there is no change in the situation. The Cretan chiefs have definitely decided to refuse autonomy and will continue the struggle until the union of the island with Greece is an acknowledged fact.

The blockade is in progress all along the Cretan coast; but this has not prevented small Greek vessels from landing ammunition and provisions. The Greek vessel which was accidentally captured by the Austrian gunboat, which put into a harbor owing to the severity of the weather, had on board 60 volunteers and a quantity of ammunition.

CONSTANTINOPLE, March 26.—The change in the policy of Great Britain foreshadowed in these dispatches has assumed definite shape. The recent massacre of Armenians at Tokat, the danger of further outbreaks in Anatolia and the action of the Porte in semi-officially pointing out to the Turkish press and provincial officials that the blockade of the island of Crete by the fleets of the powers and the support given to the Turkish forces by the foreign fleets, was a triumph for the policy of the sultan, have had their effect in showing that the Christians in Armenia are in danger of extermination.

Consequently it is semi-officially stated here that the British admiral in Cretan waters has been notified not to send any warship of Great Britain to take part in the blockade of the ports of Greece. At the same time, however, in order, apparently, to avoid an open rupture with the powers, Great Britain will acquiesce in the blockade of the Greek port.

According to the reports in diplomatic circles here the powers have already been notified to this effect and the withdrawal of Great Britain from the blockade is the one subject discussed in court and other circles. The sultan's advisers are making the best of the situation by pointing to the fact that Great Britain does not constitute the whole of Europe, and that so long as the sultan has the support of Russia, France, Germany and Austria he has nothing to fear from Great Britain.

It is whispered that France will in all probability follow the example of Great Britain.

It is stated that Great Britain has intimated to the powers that if Greece is blockaded steps should also be taken to blockade the principal Turkish ports. This latest move of Great Britain in the eastern game has undoubtedly called a halt for the present in the coercive measures, and may, it is said, bring about their abandonment.

Meanwhile, in view of the immense danger of a clash on the frontier of Greece which may bring about a declaration of war between Greece and Turkey, Great Britain has definitely proposed to the powers that steps be taken to induce both Turkey and Greece to withdraw their forces half a mile from the actual frontier, thus leaving a mile of neutral ground between the opposing armies.

Greece, it is explained, had previously made a similar proposal to the Turkish government, but the Porte consulted with the ambassadors of Russia and Germany, seemingly the foremost friends of Turkey at the present juncture, with the result that the representatives of those powers advised the Turkish government to decline the offer.

TOOK UP BANKRUPTCY BILL.

Credentials of the Newly Appointed Florida Senator Presented.

WASHINGTON, March 26.—The senate held a half hour open session early in the day and then, after two hours in executive session on the arbitration treaty, resumed the open session in order to go on with the bankruptcy bill. The latter measure, generally known as the Torrey bankruptcy bill, was read at length and Mr. Nelson of Minnesota offered a substitute differing in a number of particulars from the committee bill. The debate has not yet opened.

Amended credentials were presented in behalf of John W. Henderson, appointed by the governor of Florida to the seat vacated by Mr. Call. It brought out a statement from Mr. Hoar, acting chairman of the committee on the pending election cases, that action on the uncertainty as to the committee organization in the senate. The revised credentials were referred to the elections committee.

To buy where you can buy the cheapest. Another proof of wisdom is to buy the best your pocketbook will afford. Reliable merchandise wears the longest, and is in every way more satisfactory than flimsy makeshifts. This store stands ready to prove that what you buy here will be bought right, both in quality and price. If through any mistake it is not right, then we'll make it right. Your patronage is valuable to us.

Ready to Wear.

This refers to sundry lots of handsome skirts, all made by artists, fit finish and materials first-class, and all the dress making worry saved.

There are plenty of cheap skirts, but we think there are few, if any, as good values as the one we offer at \$1.98, full width, good fit, made from figured mohair, large patterns, all lengths and waist sizes.

Our \$5 offerings include checks, plain black mohairs, brown, and green novelties, all cheaper than you could possibly buy the materials and have them made. Better skirts in brocade silks and satins at \$8, \$9.50, \$10 and \$12.50.

Muslin Underwear

Just received. You can see a few samples of it in our Sixth street window.

Corset covers, cambric, embroidery trimmed, well made, good fitting, all sizes, 25c. Other corset covers at 35c, 40c, 50c, 60c, 75c. Night robes excellent values, at 50c, 75c, \$1, and up to \$2.

Drawers 25c, 50c and 75c. Our white skirts are priced from 50c to \$1 each. And the wonder is they can be made to sell so cheaply, quality, trimming and work considered. If interested in anything in the above line, you can't do better than buy from us.

New Dress Goods.

One of the most important features of the business is the dress goods selling. Your mind is on this matter, and we think we can supply your need.

Another lot of goods received this week, about 20 pieces, at the popular prices, 40c and 50c. Not the goods generally offered at these figures, but strictly up-to-date, and just as stylish and serviceable as though you paid \$1 for them.

Another good thing in our dress goods stock is figured mohairs, at \$1 per yard. Larger patterns, and just the thing for skirt or suit. If you buy your dress before looking through our stock you have overlooked the best stock in town.

A Few Offerings.

New curtain poles, in antique, ash or oak, wooden brackets and pole trimmings, nice goods, 25c each.

Princess of Wales belts, one of the new novelties in this line, assorted colors and white, 50c each.

A boy's heavy ribbed bicycle hose, fast black, good length, and answers the question so often asked, "Where can I get a boy's hose that will wear a week or more?" All sizes 25c per pair.

New laces, in oriental, net top, heavy edge, for collar and sleeves, 30c, 40c and 50c per yard.

New ruchings in cream, black, buff, pink, blue, 45c a yard.

From all indications the window glass factory is farther away from the city at present than it has been for some time.

The Union Planing company has entered suit against W. Wyand for \$50. The case will be heard next Saturday by Squire Manley.

The present cold snap had the effect of partially checking the rise of the Ohio, and the river will not go as high as expected. Stage 18.3 feet.

Frank Dickey is the owner of the first cushion tire buggy to make its appearance in the city. He also purchased three horses yesterday.

Complaints of parties breaking the game laws are frequently heard, and in one instance at least the matter will be reported to the county warden.

Harry Adams has commenced an action of garnishee and attachment against Elmer E. Tennis for \$7.58. The case will be heard Monday morning.

Freight shipments are unusually heavy for this time of the year. No less than 28 cars were loaded in the sheds and sidings yesterday. Most of it went south and west.

The parties who held up W. A. Race called yesterday for the hat. They claimed they were only in fun, and true to his promise Mr. Race made no complaint against them.

An error crept into the NEWS REVIEW the other day when it stated that David Jessop's mother had died at Clyde. The lady is very low, and but little hope is entertained for her recovery.

The Fairmount home is to have another improvement. This time the commissioners of the two counties have decided to erect fire escapes. Bids will be taken and the contract let without delay.

The heavy storm of Wednesday night broke the private telephone wire of the Ohio Valley Gas company at this end of the bridge. The cable has not yet arrived although it was shipped several days ago.

The heavy rains washed some of the paved streets and Commissioner Finley has cleaned others so that the city presents a better appearance than usual, although there is still ample room for improvement.

The local retailer of ancient history last night contained an item in reference to the appointment of Ira Smith, of Wooster, as confidential messenger to the president. The NEWS REVIEW, of course, published it Wednesday evening.

The cold weather had its effect on the tramps. A large number were seen in the city last night, and one of them stated that he was bound for the pipe works down the river, as it was a better place to spend the night than in jail.

Last evening a Second street man had a friend dress in girl's clothes. The couple started up Washington street, when they met the lady love of the man. A scene took place at once, and it was only with difficulty the lady was calmed.

Visitors to the office of the mayor as soon as they enter the room notice a ticking sound as if the mayor had a clock concealed in his desk. It is the gas meter, and Mayor Gilbert has, in all probability, answered 1,000 questions in regard to it since he has been in office.

Liverpool people went to Wellsville, last evening, to hear Father Kress speak in reference to the judgment. It was an able talk, and will be followed this evening by a discourse on temperance. Most of the talks have been on the line of temperance and have been heard by large crowds.

This city seems to be a Mecca for traveling men. Men representing almost every branch of business have recently been here. Within the past two days there have been no less than five music men calling upon a local music house. These men were selling everything in the music line to be mentioned. Prosperity and good times are surely upon us.

A GOOD FIT

is more desirable in a shoe than in any other article of wearing apparel. You have to think not only of appearance, but of your comfort as well. Our large and varied stock gives us the advantage of being able to fit you comfortably without sacrificing appearances over others.

Spring and Summer Shoes are here, but while this sort of weather is keeping up, you may be more interested in heavier footwear, such as you can wear without rubbers. The prices we are quoting for such shoes leaves no excuse for being without a pair, and even if you would want to use them only a short time now, they'll come in handy next fall, when they would cost you a good deal more money.

HERE THEY ARE. Women's box calf lace shoes, needle and coin toes, double soles, heel and spring heel, choice from our \$2.50, \$3 and \$4 shoes for \$1.98. Women's best dongola, welt sewed shoes, any style button or laced, our \$4 shoes now \$2.98. Misses box calf lace shoes, double sole, coin toe only, a \$2 shoe, reduced to \$1.48. Men's box calf and enamel shoes, full calfskin lined, warranted in every respect to be as good as can be made, now \$3.90. Men's calfskin, winter russet and enamel shoes, double soles, reduced from \$3.50 to \$2.50. If you have girls to shoe, don't miss seeing the shoes we sell for 75c and 98c, unless you don't mind paying 50c a pair more for them elsewhere.

SUIT AGAINST SALEM

Miss Nettie Fawcett Fell Into
a Ditch.

SHE WAS PERMANENTLY INJURED

And Being Unable to Earn Her Living
Thinks the City Owe Her \$10,000—T. R.
Elton Wants \$1,000 From Attorney Emmons and Makes Charges.

Lisbon, March 26.—[Special]—Miss Nettie Fawcett filed suit this morning against Salem demanding \$10,000 damages for injuries sustained by a fall Nov. 22. In crossing Garfield avenue on her way to church she fell into a ditch which had been dug across the street and was without a guard. The injuries sustained to her spine and nervous system are alleged to be permanent. She has been confined to her home since the accident, and deprived of her earning capacity. Miss Fawcett was formerly cashier of a store in Salem.

T. R. Elton, of Salem, has filed suit containing grave charges against Attorney W. S. Emmons, and asking judgment for \$1,000 which he claims was extorted from him by Emmons. The facts date back 11 years when Elton was chosen as guardian for John Hilliard, who had a life's interest in land in Indiana that had been sold for delinquent taxes prior to his appointment. He resigned two years ago, and Hilliard died. Emmons was appointed guardian to the minor heirs. Emmons began to win the plaintiff's confidence, who is 74 years old, and by his own statement has a weak mind. Last September Emmons told him he owed the Hilliard estate more than \$1,000 for not having redeemed the Indiana land, and for resigning his trust. That, during the guardianship, he did things he should not have done, and did not do things he should have done. Emmons also informed him it was his duty to collect, and advised him to settle for \$1,000. The plaintiff paid it.

Jacob Kocher, of East Palestine, sued for divorce from Nettie Kocher on grounds of infidelity.

W. T. Harrison was released from the county jail on bail this morning.

W. L. Smith has been chosen administrator of the estate of Mrs. Scythia Bradshaw, and has given bond for \$40,000. N. A. Frederick, Smith Fowler and B. C. Simms are appraisers.

Among the most popular men who have contributed to the enjoyment of East Liverpool theater goers, the late Prof. John S. Kennedy had a prominent place. He died soon after giving a series of hypnotic entertainments here two years ago. His many friends will be pleased to learn that Miss Estella Kennedy, his daughter, has taken her father's place on the stage, and will open an engagement at the Grand Opera House next Monday evening, remaining here five days. Miss Kennedy was for years a student under her father, and possesses to a marked degree his characteristics. She is assured of large audiences while in the city.

WELLSVILLE.

THAT PROHIBITORY ORDINANCE

Is Attracting Much Attention Through the Town.

A lively interest is taken in what council may do in regard to the prohibitory ordinance. April 5 the old council meets for the last time, and from all indications nothing will be done. The saloons mentioned in the petition have been allowed to open. The wishes of the people have again been passed over by our moral council. There are only two sides to the question, and men must be arrayed on one or the other.

One who has strong reasons for his view said to the NEWS REVIEW:

"The call to arms for the right has been made. We must do something, but what are we to do without a leader? I can't mention a man at present who would dare to face the rum element in this town. It has ruled us long, and severely oppressed us. It has invaded our homes, and crushed our loved ones. Ruined their characters by disrobing them of their virtue. Look at the case before us now. Saloons and bad men did it. The blame cannot be placed elsewhere. Would to God we had a leader to point out the way. Our strength is sufficient, and all we need is to have the path lined out, and we will follow."

No hope is expressed from the advent of the new council, most of them having filled the position before, and their sentiment has been tested.

MASHED THE WINDOW.

An Infuriated Female Attracted a Big Crowd.

A female connected with a Main street saloon became greatly irritated for some cause which does not appear on the surface, and having no one to whip evened matters by attacking a window in the drinking room at the rear of the building. Right and left she landed blows on the panes of glass until only three of many were left intact. The sound of breaking glass attracted a crowd.

The News of Wellsville.

A mid-winter social was held at the residence of Mrs. White, of Main street, Wellsville, last night. Music recitals were a feature of the evening after which refreshments were served. A number of Liverpool people were present.

PERSONAL MENTION.

—Mrs. F. D. Kitchel has returned from Pittsburgh.

—Mr. Seanor, of Pittsburg, is visiting friends in the city.

—Mrs. John Sellers, of Spring street, will go to Tiffin next Monday.

—County Auditor George B. Harvey, of Lisbon, returned home last evening.

—Mr. and Mrs. Charles Springer, guests of J. B. Welch, have returned to Lisbon.

—Mrs. E. O. Selby has returned to her home in Bedford. The lady visited in this city and Wellsville.

—Miss Minnie Donovan has returned to her home in Freeport after spending a week with relatives here.

—Charles H. Mathews, of Wheeling, was in the city last evening. The gentleman has many friends here.

—Mrs. Mary Clapp, of Seville, sister of Squire Rose, returned home this morning after a short stay here.

—Miss Ollie Baxter has returned to her home in Fairview, W. Va., after a pleasant visit in the city.

—Miss Grace Lourie, a member of the junior class, Shippery Rock, Pa., normal school, is at her home in Fourth street for the spring vacation.

There are only two sides to the question, and men must be arrayed on one or the other.

One who has strong reasons for his view said to the NEWS REVIEW:

"The call to arms for the right has been made. We must do something, but what are we to do without a leader? I can't mention a man at present who would dare to face the rum element in this town. It has ruled us long, and severely oppressed us. It has invaded our homes, and crushed our loved ones. Ruined their characters by disrobing them of their virtue. Look at the case before us now. Saloons and bad men did it. The blame cannot be placed elsewhere. Would to God we had a leader to point out the way. Our strength is sufficient, and all we need is to have the path lined out, and we will follow."

No hope is expressed from the advent of the new council, most of them having filled the position before, and their sentiment has been tested.

MASHED THE WINDOW.

An Infuriated Female Attracted a Big Crowd.

A female connected with a Main street saloon became greatly irritated for some cause which does not appear on the surface, and having no one to whip evened matters by attacking a window in the drinking room at the rear of the building. Right and left she landed blows on the panes of glass until only three of many were left intact. The sound of breaking glass attracted a crowd.

The News of Wellsville.

A mid-lent social was held at the residence of Mrs. White, of Main street, Wellsville, last night. Music recitals were a feature of the evening after which refreshments were served. A number of Liverpool people were present.

DON'T COME HERE TOMORROW

Expecting to find goods for less than cost. All our charity is distributed in cash. Don't come expecting to find antiquated stock, for this is not an "Old Curiosity Shop." Don't be timid about selecting what you want for comparison with the competition of the world, for the money you leave is yours until satisfied that you can't improve upon the purchase. Don't forget that this season's stock cost considerable less than last, and that last season's antiquated styles at 50c on the dollar would be dear when compared to the 97 productions. Don't forget that no fingers can be pointed to you in ridicule if you buy the latest and best from

SHUT WITH US.

The measles seems to still be on the increase. Officer Burgess is kept busy tacking up signs on the houses where the disease is confined. Yesterday there were five cases reported, and today four were made known to the health authorities.

Issuing Permits.

The board of health are now issuing permits to the milk men who sell the liquid in the city. The fee is a small one, being but 25 cents, and the permit lasts for a year.
